

The image displays three views of a medical examination chair. The top-left view is a front-left perspective, showing the chair's high backrest, padded seat, and a footrest. The top-right view is a front-right perspective, highlighting the chair's symmetrical design and armrests. The bottom view is a side profile, illustrating the chair's adjustable backrest and the mechanism for raising and lowering the footrest. The chair is constructed with a white metal frame and blue upholstery.
